**Subject:** FW: do you have more TAs coming? You've got about \$7K remaining

Hi Valois: if possible, it would be good to try and use some of these funds for TAs on upcoming Dewey Burdock travel in SD by 12/31.

Let's discuss when you are back in the office starting tomorrow. We are trying to get any remaining TAs for these funds in place this week. Between Lisa and myself, we think we have other trips planned for a total cost \$1350 so there still should be money outstanding for our use.

Douglas

Looks like we'll have about \$2900 of HQ DI travel funds available for your UIC and PWS use. Please submit the TAs right away if possible. I will send you the cross funding instructions to add to the TA requests.

Thanks!

I think they were just approved by the manager, so they should be coming to you soon!  
If that's the case then I can tell R8 UIC that they would have about \$2900 to work with, out of the \$7000 that is available.  
Is that okay?

I haven't seen them yet? Have they done the cross funding on them yet? Has the manager approved them? Thanks...

Hi Nancy, do you see several TAs that were just submitted for travel by Andrea Giese?  
Those would total about \$1400 if you haven't seen them yet.

We will submit today a few more TAs for drinking water DI work for about \$2700, and Douglas Minter will give me a final number for UIC work hopefully by tomorrow. They have some need for the funds. So please don't give it all away yet!!

Thanks so much for your patience and the reminder.  
Lisa
